To: The Chairman and members of the Great Harwood Urban District Council

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present the Annual Report on the health of the district for the year 1970.

Dr. R. C. Webster, your Medical Officer of Health since 1st August, 1948, retired in December, 1970.

The section of the report which deals with the Sanitary Circumstances, Housing and Inspection and Supervision of Food, has been compiled by Mr. G. Walmsley, your Public Health Inspector, and forms his report for the year.

The Vital Statistics bear comparison with the previous year. The Birth Rate was 16.7 per thousand as opposed to the National Average of 16.00. The Death Rate was 14.7 compared to the National Average of 11.7. The Infant Mortality Rate is higher than the National Average but when one is dealing with a small population a slight alteration in the number of infant deaths can cause quite a fluctuation in the infantile mortality rate.

The incidence of infectious diseases does not call for any special comment. As regards tuberculosis there was another slight increase in the number of cases, both respiratory and non-respiratory. Of the twenty-nine persons on the register about half of the people are Commonwealth immigrants. One must mention that the total number of cases involved is small.

I am certain that during the year, Members of the Committee maintained their interest in the health of the district. Appreciation must be expressed of the work of your Public Health Inspector, Mr. G. Walmsley.

Yours faithfully,

P. M. SAMMON,

Medical Officer of Health.

## SUMMARY OF STATISTICS AND SOCIAL CONDITIONS

### GENERAL

Area in acres .. .. .	2,868
Number of inhabited houses (1.4.70). .. .. .	4,118
Number of Commercial premises etc. . .. .	929
Miscellaneous .. .. .	132
Rateable Value . .. .	£298,452
Sum represented by a penny rate (1970) . .. .	£1,140
Population at 1961 Census .. .. .	10,718
Estimated population for 1970 .. .. .	10,980

### CHIEF INDUSTRIES IN THE AREA

The principal industries are the manufacture of cotton goods, light engineering trades, footwear, coated felts, floor coverings, food manufacture and packing.

# ANALYSIS OF BIRTHS AND DEATHS

GENERAL PROVISIONS

of the

HEALTH SERVICE

THE UNIVERSITY OF CHICAGO

1968

1968-1969

HEALTH SERVICES AVAILABLE TO GREAT HARWOOD

Divisional Health  
Committee

Office at 19, St. James Street,  
Accrington, Telephone Accrington 34223

Divisional Medical Officer

Dr. R. C. Webster

Ante-Natal Clinic

Water Street, Great Harwood.  
Every Thursday morning.

County Clinic

High Street, Rishton. First and  
third Wednesday each month.

Child Welfare Clinic

Water Street, Great Harwood. All day  
every Wednesday. Immunisation and  
U.V.R. by appointment.

For the following services:-

Day nurseries, Domestic Helps, Mental Health Service,  
Accommodation for the elderly (not sick) persons.

Enquiries should be made at the Divisional Health Office,  
19 St. James Street, Accrington.

Divisional Education  
Executive

Divisional Medical Officer  
Dr. R. C. WEBSTER

School medical routine and special examination.

Minor ailment clinic every Friday morning.

Ophthalmic and Orthopaedic Clinic (by appointment) at  
High Street, Rishton.

### LABORATORY FACILITIES

All pathological and bacteriological work for the Health Department is carried out at the Public Health Laboratory at Preston.

### AMBULANCE SERVICE

This service is administered by the No. 5 Health Division of the Lancashire County Council. The ambulance station is at Altham.

### HOME HELP SERVICE

The Home Help service is administered by the Divisional Health Authority.

### MATERNITY AND CHILD WELFARE

A weekly clinic is held for children under five years, and a pre-natal clinic is held once a fortnight. The duties are under the control of the Divisional Health Authority. The clinic is situated in the Water Street Health Centre.

### DAY NURSERIES

There is one day nursery in the town administered by the Divisional Health Authority.

### HOSTEL ACCOMMODATION

One hostel is available for aged persons. It is operated by the County Council and has accommodation for thirty-nine men and women.

41 flatlets are available for aged persons supervised by a full time warden.

PREVALENCE AND CONTROL

of

INFECTIOUS DISEASES

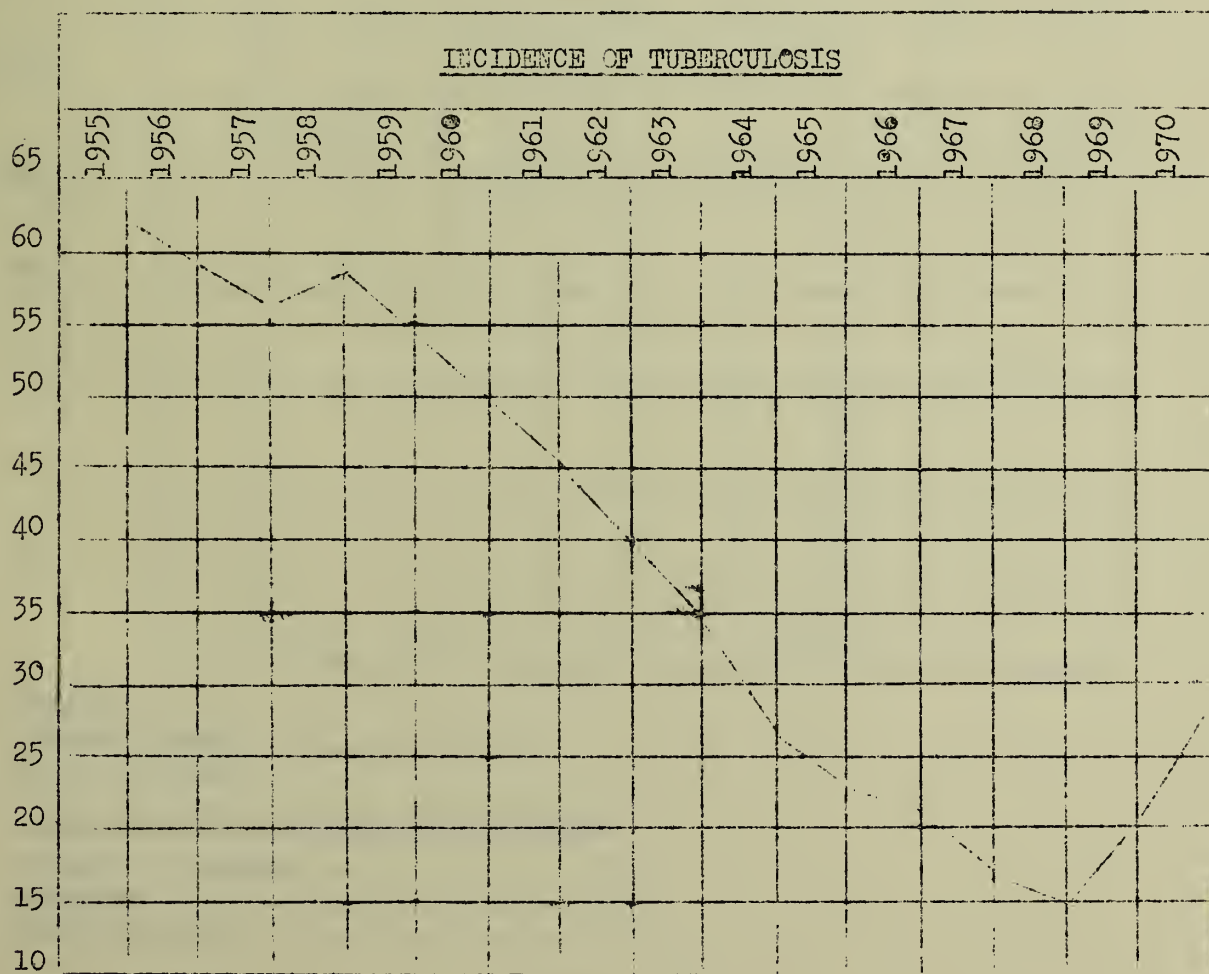

## TUBERCULOSIS

The administration is carried out by the Lancashire County Council and Regional Hospital Board and co-operate is maintained through the Public Health Department. Disinfection of articles and premises is carried out when necessary.

The total number of cases on the register at 31st December, 1970 was as follows:-

<u>Respiratory</u>			<u>Non-Respiratory</u>		
<u>M</u>	<u>F</u>	<u>Total</u>	<u>M</u>	<u>F</u>	<u>Total</u>
14	6	20	6	3	9

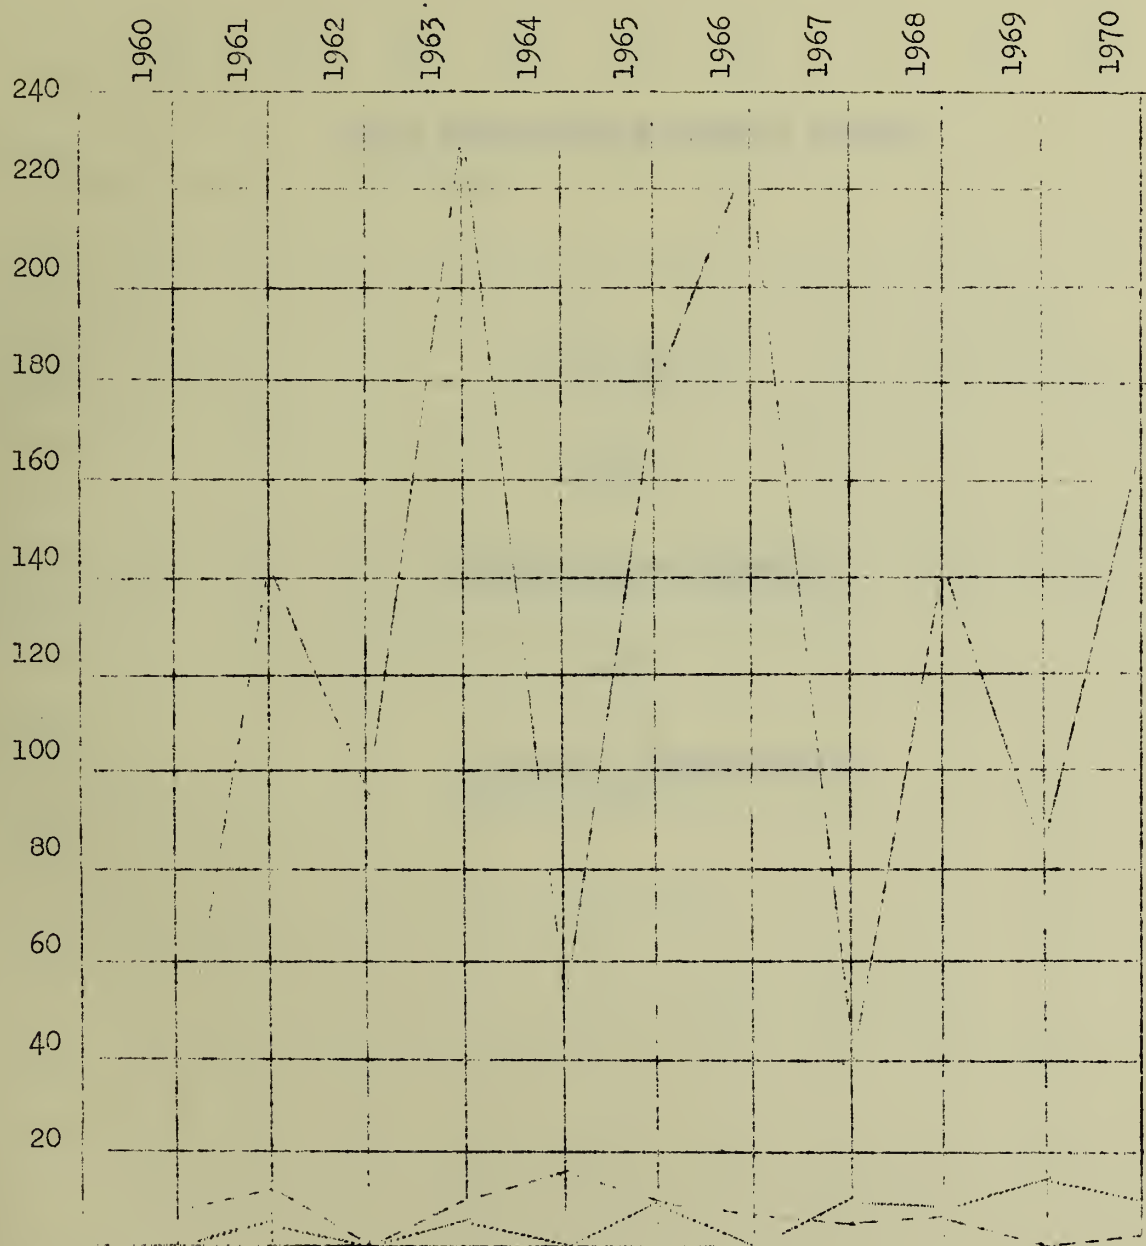

Sixteen persons on the register are Commonwealth immigrants.

GREAT HARWOOD URBAN DISTRICT COUNCIL

R E P O R T

of the

PUBLIC HEALTH INSPECTOR

and

CLEANISING SUPERINTENDENT

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in submitting my annual report for the year 1970. One smoke control area is now completed comprising 320 acres and 617 premises and it is very pleasing to notice the reduction in atmospheric pollution in this area. The ever increasing duties required regarding standard and improvement grants, smoke control areas, meat inspection and the clearance of unfit houses keeps the department very active and I should like to thank Mr. Wightman and Miss Cunliffe for their efforts during the year.

The cleansing service has operated very well during the year and the cleansing staff must be thanked for the way they have carried out their work in endeavouring to keep the town clean. The support of the Chairman and members of the Health Committee is appreciated and enables the department to carry out its ever growing duties as smoothly as possible.

Yours faithfully,

G. Walmsley,

Public Health Inspector

INSPECTION AND SUPERVISION

OF FOOD

MILK AND DAIRIES      Number of farms.....14

MILK SAMPLES

(1) Samples for Biological Examination -

	Total No. of samples submitted	Positive	Results Negative	No result

"       "       (Public Swimming Baths) .. .. .	24

## FOOD & DRUGS SAMPLING

A total of 62 samples was obtained comprising of 51 milks (3 of which were Channel Islands milk) and 11 others as follows:-

1 Curry Powder	1 Dripping
1 Esidrex K Tablets	1 Curry Pickle
1 Ice Lolly Syrup	1 Beef Stock
1 Tea	1 Double Cream
1 Aspic Jelly	1 Date & Walnut Cake
1 Beef Curry, canned	

I give below details of those samples which the County Analyst gave adverse reports:-

<u>Sample</u>	<u>Result of Analysis</u>	<u>Action Taken</u>
Informal Milk	The somewhat unusual taste of the sample could not be attributed to any contaminant and it might have been due to a feed taint.	Dairy Husbandry Advisory Officer advised.
Informal Milk	Contained 0.05 I.U. penicillin per cm <sup>3</sup> .	Producer informed.
Informal Milk	Contained 0.06 International Units cm <sup>3</sup> penicillin	Producer informed.
Formal Milk	Fat Content 2.85%. Deficient 5.0%	Producer informed.
Informal Milk	Contained 0.15 I.U's penicillin <sup>fat</sup> per cm <sup>3</sup>	Plant Manager interviewed & cautioned.
Date & Walnut Cake	Contained one mild steel plain wire nail measuring 1.7/16 inches long with a head 3/16 inch diameter and shaft 2 millimetres in diameter weighing 0.990 gramme.	Prosecution pending.

## FOOD HYGIENE (GENERAL) REGULATIONS 1960

Number of food premises and type at the end of the year:-

General grocers and provision dealers .. .. .	27

1.	Number of new dwellings erected during the year:-			
	(a) By the local authority .. .. .			NIL
	(b) By other local authorities .. .. .			NIL
	(c) By other bodies or persons .. .. .			24
2.	Total number of dwellings owned by the local authority at end of year			447
3.	Inspections of dwellings during the year:-			
	(i) (a) Total No. of dwellings inspected formally or informally for housing defects (under Public Health or Housing Act)			184
	(b) No. of inspections, formal or informal, made for the purpose			269
	(c) No. of dwellings in (a) above found to be not in all respects reasonably fit for human habitation but capable of being rendered fit			41
	(ii) Total No. of dwellings existing at end of year which were unfit for human habitation and not capable at reasonable expense of being rendered fit and in respect of which -			
	(a) Demolition, Clearance or Closing Orders have been made (at any time)			10
	(b) Demolition, Clearance or Closing Orders have not yet been made			150
4.	Houses Demolished:-	Number	Displaced during year from houses to be demolished or closed	
	In or Adjoining Clearance Areas:			
			Persons	Families
	(i) Houses unfit for human habitation	21	32	14
	(ii) Houses included by reason of bad arrangement, etc.	-	-	-
	(iii) Houses on land acquired under S.43 (2) Housing Act, 1957	-	-	-
	Not in or Adjoining Clearance Areas:			
	(iv) As a result of formal or informal procedure under S.16 or S.17 (1) Housing Act, 1957	-	-	-
	(v) Unfit houses included in Unfitness Orders	-	-	-

# 5. Unfit Houses Closed:-

	Number	Displaced during year from houses to be demolished or closed	
		Persons	Families
(i) Under S.16(14), S.17(1) and S.35(1) Housing Act, 1957 and S.26 Housing Act, 1961	1	-	-
(ii) Under S.17(3) and S.26 Housing Act, 1957	-	-	-
(iii) Parts of Buildings closed under S.18 Housing Act, 1957	-	-	-

# 6. Unfit Houses Made Fit:-

	Number
(i) By owner after informal action by local authority	28
(ii) After formal notice under S.9 and S.16 Housing Act, 1957	
(a) by owner .. .. .	-
(b) by local authority ..	-
(iii) After formal notice under Public Health Acts . . . .	16
(iv) After modification or revocation of a clearance order under S.21 Housing Act, 1961.. . . .	-
(v) After determination of a demolition order under S.24 Housing Act, 1957 .. . . .	-
(vi) After determination of a closing order under S.27 Housing Act, 1961 .. . . .	-

# 7. Purchase of Houses by Agreement:-

	Number of Houses	Number of occupants of houses in Col. 1
	(1)	(2)
Houses in clearance areas other than those included in confirmed orders or compulsory purchase orders	6	-

## SANITARY ACCOMMODATION

64 waste water closets were converted during the year, 32 being converted or renewed due to standard grant improvements. There are approximately 873 waste water closets still remaining in the district. The Council grant towards the cost of conversion is £20.

## FACTORIES

There are 56 factories including bakehouses on the register and 20 visits were made during the year.

## RODENT CONTROL

All rodent control and disinfestation work was undertaken by Messrs. Rentokil Ltd.

The following details show the amount of work carried out during the year.

	TYPE OF PROPERTY	
	Non-agricultural	Agricultural
(a) No. of properties in district	5178	18
(b) Total number of properties (including nearby premises) inspected following notification	176	-
(c) No. of (b) infested by - rats	85	-
mice	91	-
(d) Total number of properties inspected for rats and/or mice for reasons other than notification	11	-
(e) No. of (d) infested by - rats	11	-
mice	-	-

### CARAVAN SITES

One site is licensed for 60 holiday caravans. The site was well maintained during the year.

### OFFICES, SHOPS & RAILWAY PREMISES ACT

Details of inspections are as follows:-

	Offices	Retail Shops	Whole-sale shops, ware-houses	Catering Estab-lishments open to public, canteens	Fuel Storage Depots
(i) No. of registered premises at end of year	14	35	1	1	-
(ii) No. of registered premises receiving a general inspection during the year	-	12	-	-	-
(iii) No. of exemptions current at end of year	-	-	-	-	-

### CLEAN AIR ACT

No. 1 Smoke Control Area became operative from August 1970 although it could not be strictly enforced due to the shortage of solid smokeless fuel. No. 2 Area was confirmed by the Ministry in April 1970. No suspension orders were made due to only one area being operative and very few solid fuel appliances being fitted.

### NOISE ABATEMENT ACT

Two complaints were received during the year and these were dealt with satisfactorily by informal action.

## REFUSE COLLECTION & DISPOSAL

A weekly collection of house refuse was maintained during the year and the use of paper sacks as bin liners has proved very successful. The work has been cleaner and less laborious and an extension of the paper sack scheme would appear to be desirable by many householders.

The suction road sweeper has enabled more frequent sweeping of the roads but the litter problem still causes an unnecessary amount of work. The fouling of footpaths, back streets and open spaces by dogs is to be deplored and many complaints were received throughout the year.

Some improvement was noticed in the removal of builders rubbish in back streets and legal action will be taken against offenders if necessary.

The vehicles operated by the Health Department are as follows:-

One Dennis Rear Loader 1960	8 - 12 cu. yd.
One Karrier Ramillies 1965	8 - 12 cu. yd. compressor
One S.D. Pakamatic 1968	35 cu. yd. "
One Johnston Suction Sweeper 1970	
One Weatherill 12H Loading Shovel 1965	

The cost of repairs and maintenance of the vehicles after 4 to 5 years running becomes very high and although it may appear more economical to renew vehicles after this period, account must be taken of negligible re-sale value of second hand refuse vehicles. It would be a very bold decision to "write off" a vehicle initially costing £5,000 after 5 to 6 years service.

## SALVAGE

Year	Tons	Cwts.	Qrs.	£	s	d	Average tonnage per month
